The concert given by the Filipino Constabulary Band of eighty-three deces on the roof garden of the Alexnder Young hotel was a striking sucess. The splendid performance of the musicians from the far east was appreciated by the hundreds who gave rapt attention to the numbers from the deginning to the end of the program. At the close of every piece the applause was spontaneous from end to end of the garden, and cheers were called for the bandmaster and for the musicians whose fame and reputation had attracted to the roof garden a packed brong on scarcely more than an hour's

The music last evening was produced by seventy of the eighty-three pieces and more bewitching melody was never heard in Honolulu. Lieutenant Loving, the band master, was congratulated by scores at the close of the concert for the masterly exhibition and treat given by himself and his organization. The leader was admired on ization. The leader was admired on avery hand and praised for his unques-tioned genius as a director. The Filipino band is only a year and

a half old and is on its way to tour the States and visit the St. Louis Ex-position. Lieut. Loving's aggregation has received liberal patronage from the United States Government through the Civil Commission. Every member of the band has had years of experience in this and other famous musical or-ganizations in the Philippines. NO THREATS GO IN LOGAL POLITICS

"Tals is the first I have heard of this rumor.

"I can assure you that it is utterly false. It is the policy of this company never in any manner to laterfere with the politics or political actions of any of our employes. We have never done so in the past and we are certainly not going to do so now. We would not tell any employe of ours to follow our political opinions and it would be still arg gems of each work being taken. Several ballads are also announced. Mrs. Gerard Barton has consented to the threats, as has seen suggested, to any one of our employes would be subjected to severe censure as soon as it was found out. While we are Republicans and as such should wish to see our employes follow the Republican party, still we take no such measures to bring it about."

for the Sanitary Steam Laundry, from a watery grave.

As the transport Sheridan left the Naval wharf at about 6:30 o'clock Hobron, who was on board collecting, did not notice her departure before she was about 150 yards from the wharf. As he had no wish to go to San Francisco he immediately jumped overboard and started to swim for the shore. Hobron had not covered a distance of more than twenty-five yards when his strength gave out and he real when his strength gave out and he real ized that unless he was given assist-ance he must drown. help and managed to keep affoat by treading water.

Although them was a number of people on the wharf, most of them were afraid to go to the rescue for fear the drowning man might cling to his rescuer and thus emperil the life of both. Young Mahuka, however, decided to take the chance. He jumped off the wharf and was followed by Kuapali. The boys reached Hobron in the nick of time. Hobron stretched himself fint on his back while his rescuers took him each by one arm and towed him to the Navai wharf, where he was hoisted onto terra firms.
